GCSE GEOGRAPHY · WATER

Blurt it

Step 1

Name _____ **Date** _____

Option topic: your class studies one of Food, Water or Energy.

1. Cover your notes and put your phone face down.
2. Set a timer for 5 minutes.
3. Write down everything you remember about water: facts, key words, processes, and your case studies and examples. Diagrams and sketch maps count too.

Stuck? Start with one of these: water security · over-abstraction · grey water

When the timer ends, turn over and check what you remembered.

Check it, fix it, space it

Steps 2, 3 and 4

Check it

Tick each idea you wrote down, even in your own words.

- [ ] Some parts of the world are water secure and some are water insecure
- [ ] Water use is rising because of economic development and population growth
- [ ] Water availability depends on climate, geology, pollution, over-abstraction, infrastructure and poverty
- [ ] Water insecurity can cause disease, less food and industry, and conflict
- [ ] More water: diverting supplies, more storage, dams and reservoirs, water transfers and desalination
- [ ] A named large-scale water transfer scheme has advantages and disadvantages
- [ ] Sustainable water: conservation, groundwater management, recycling and grey water
- [ ] A named local scheme in an LIC or NEE increases sustainable water supply

Key words to use: water security · water insecurity · water surplus · water deficit · water stress over-abstraction · geology · waterborne disease · water transfer · desalination · reservoir

I remembered _____ out of 8.

Fix it

Pick 3 ideas you missed. Look them up, then write each one correctly.

1

2

3

Space it

Blurt again on a fresh sheet. Gaps help you remember for longer.
